CREECH ST MICHAEL PLANNING APPLICATION 14/17/0033

I wish to object to the above application for the following reasons:

- More houses towering over those in West View will increase flooding risk in an area that has already suffered enough from flooding
- 200 houses have the potential to increase the population of the village by 550/600 people which will probably mean another 400+ cars on roads in and around our village. Footpaths are narrow or non-existent and route to school and doctors is always busy.
- There is no infrastructure to support this number of houses and the people it will bring.
- The land shown for footpaths and cycle links to the school and doctor's surgery is privately owned and not for sale.
- We have just one village shop which cannot be expanded.
- Another green area of the village will be swallowed up by houses, driving out wildlife and taking away safe areas for children to explore.
- It will also mean that the village will be joined up to the motorway and all the new houses beyond. We won't be a village anymore.
