

Dear planning department

As a resident and member of the community in Creech St Michael I strongly object to planning application 14/17/0033.

As a village we have had a huge number of new houses built but unfortunately no growth or improvement of services to the village. This means that the roads are incredibly busy and dangerous especially for the children going to both the primary and secondary schools. With even more houses in this village it will become even more dangerous putting lives at risk.

As a parent and helper at Creech St Michael primary school it is evident that they are struggling to cope with the massive intake of new children each year. Even more houses in this village will put more pressure on the school, which is very worrying.

If this development goes ahead we will lose the last remaining habitat for a lot of wildlife in this area in Creech, which is very sad.

The area being put forward for development falls outside of the Taunton Deane borough council core strategy.

Please take all of the above and any more objections into consideration when making a decision on this planning application, we really do not want to lose our village.

Yours faithfully
