Dear TDBC Planning, I wish to strongly object to the Gladman proposal to build 200 new homes at Langaller Rd on the edge of Creech St Michael. Over the last 2-3 years 3 new housing developments have been built in Creech St Michael. I support the fact that we need more homes countywide, but I feel that the village has now taken it's fair share of new housing. Our school and Doctor's surgery are now oversubscribed and the local roads are now twice as busy and often congested. As Gladman state themselves they "cannot be as knowledgeable as local people who have lived and often grown up in Creech St Michael" so how can they successfully accommodate and not add massive pressures on the village infrastructure? With thanks and regards.
