Creech St. Michael Taunton TA3 5PW.**Customer's E-mail address :****Information :**

I wish to register my objection to the proposal to build another 200 houses in Creech St. Michael. The traffic through the village is already horrendous; there is restricted road width in many places, especially over the three bridges , one identified as weak and another has single file traffic only - added to which the pavements are very narrow, making walking quite nerve racking. The school is over-subscribed and getting appointments at the Doctors surgery is very difficult. The village {if you can still call it that} is already bursting at the seams having to cope with the many recent new developments and should not be expected to accommodate even more with all the ensuing complications.
