North End Creech St Michael

Customer's E-mail address : [REDACTED]**Information :**

I wish to object to the above planning application on the following grounds. The proposed site is outside of the agreed core strategy for building land in the TDBC area. This area suffered with flooding in 2012 and there is an acknowledged "bottleneck" at the North End pumping station which has caused flooding to at least one house in the near vicinity. In the core strategy CSM is designated as a Minor Rural Centre and as such should be separated from Taunton Town by a green space. Our PM has recently stated that it is important to protect the Green Belt.
