I wish to register my objection to this application on the basis that there has already been a twelve percent increase in the number of houses in Creech St Michael over the last few years and the village is being changed in character and historic nature beyond all recognition. The community is threatened by this application of being absorbed into the developments at Bathpool and Monkton Heathfield. The village does not have the infrastructure to support more housing. There is already too much traffic on it's narrow roads and both the primary school and the doctors surgery are over subscribed. A further increase in housing would inevitably mean further strain on these resources.
