Dear Ms Wadsley,

CREECH ST MICHAEL PLANNING APPLICATION 14/17/0033

I object to the above application for the following reasons:

- 200 houses have the potential to increase the population of the village by 550/600 people which is likely, in turn to result in 400+ cars on our narrow and already busy roads
- The village does not have the infrastructure to support a development of this size. Our current GP surgery is already unable to cope with the patients they already have and our schools are over subscribed with no room for expansion.
- We have just one village shop which has little or no parking facility which already causes congestion at peak times.
- It will mean the loss of yet another area of the village which has been used for walking dogs and children for decades
- It will also mean the loss of the last barrier between the village and the motorway and the development beyond.
