

Ms F Wadsley
Deane House
Belvedere Road
Taunton TA1 1HE

Dear Ms Wadsley,

PLANNING APPLICATION 14/17/0033 – CREECH ST MICHAEL – GLADMANS

I wish to objection to the above application on the following grounds:

- Yet another 200 houses will ruin the character of our village. The area being considered for development is on the edge of the village and will dominate the surrounding area and the one-two storey houses which surround it.
- This is productive agricultural land which supports wildlife such as mice, rabbits, birds and deer,
- The additional 400+ cars on our narrow village roads (which included a weight limited river bridge) and is already a rat run, will cause chaos and increase the already near accidents that are now a regular occurrence.
- Our current GP surgery is already struggling to cope with patient numbers. It is not unusual to have to wait three weeks to see your GP in Creech
- Both Creech St Michael Primary School and Heathfield Community School are over subscribed
- We have only one village shop with no potential for expansion and no where to park.
- The field is the remaining buffer between the village and the M5.
- Yet another field traditionally used by walkers will be lost to the residents of what was once a village
- The prop0sed link to the pumping station will increase flooding risk to existing properties in the vicinity

Yours sincerely
