Subject: Planning Application 14/17/0033

Dear Sir or Madam

We wish to strongly object to the above planning application on the following grounds:

1. There has already been substantial development in Creech St Michael and the surrounding area, 2,500 homes currently planned for the Parish.
2. As a result of current developments, there has been a significant impact on local resources including but not limited to Creech Medical Centre and the Creech Primary School. Such a major development as proposed will have a further dramatic impact on these resources.
3. This proposed development site is the last field which divides the village from the significant development along the A38.
4. The proposed site is also elevated, the new houses will therefore over shadow the bungalows on West View and will dominate the Village.
5. Creech St Michael is used as a rat run, traffic has significantly increased with current developments, the 200 new properties as proposed will make the problem far worse.

Yours faithfully

Peter and Christine Sharpe
